

# Living in the Residence Hall at ASU@Lake Havasu

**A**SU@Lake Havasu provides a residence hall for its students located near the campus itself. In addition to a good location, students here can enjoy all the comfort of air conditioning, private showers, microwaves, and refrigerators. They also have an opportunity to cook by themselves in a room called the Common Room. The kitchen there has all it takes to prepare a good dish. Moreover, all the students have laundry services for free. All of that makes the experience of living in ASU's residence hall unforgettable.

Some of the students shared their thoughts on living in the residence hall:

"I have been living in the dorms for two semesters. The first time I came here in January 2020, I was surprised by our campus. It's small yet convenient because everything is within walking distance. Rooms are big and comfortable enough to live together with a roommate. My favorite thing about our residence hall is that each room has a bathroom and back room. Big campuses rarely have this privilege. People here

are very friendly and helpful, especially to freshmen. Another thing I noticed is that residence hall is actually quiet. There are not many parties here, and it's great, personally, because no one distracts you from studying in your room. We also have a common room with a kitchen, I love cooking there. Living in dorms is surely an amazing experience."

"It's my fourth semester living in the dorm, and it's definitely been a pleasant experience! I enjoy the atmosphere of basically living with all your friends and being able to ask for help whenever you need it or just hang out and spend free time together. Our rooms are only a couple of minutes away from all campus buildings, which is very convenient if you tend to sleep in till the last available second like I do. They are also quite spacious; you get to decorate them as much as you like, and you even get your own restroom which is quite rare for dorms. Another great feature we have here is the common room, where we often make food and watch movies."

"It is my second semester living at the dorms, and I can certainly say that it has been such a great experience so far. Each campus building is so close that you can easily be there in less than five minutes. Our residence hall has everything we need to live comfortably and focus on studies. I think the most important things are respect and cooperation among students living here so we can all make our dorms better. Also, we have RAs in our residence hall, so we can always seek help from them."
